5 Railed Sliding System S

6 Railed Sliding System S

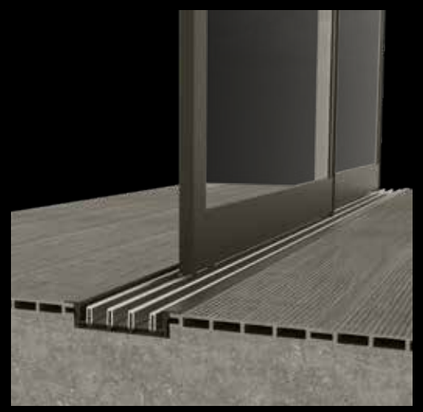
Ideal system to create

living spaces in balconies, gardens, offices and cafes.

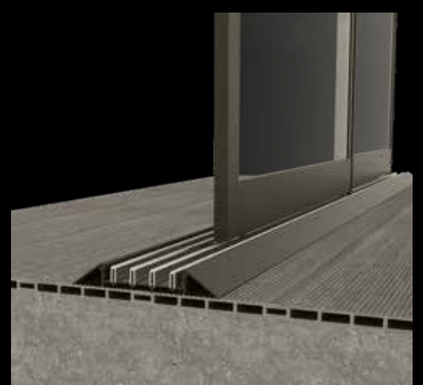
This stylish glass system's specially designed drainage details catch even the smallest of raindrops and guide out again.

Make your life easier.

With embedded in the floor option, it is now so easy to pass with a wheelchair or for the parents with a baby carriage.



Embedded in the floor with F cover



Without threshold

Enrich your system with various options

New sliding system can **offer a maximum system height of 300cm**, an extremely elegant circular door handle and standard locks made of stainless steel are included in the system. If desired, **vertical door handles and locks with keys** can be provided optionally.
